### H. "BULLY" ZENGARLING FORMALLY ANNOUNCES FOR OFFICE OF SHERIFF

We are hereby authorized to announce the candidacy of H. "Bully" Zengarling for the office of Sheriff and Tax-Collector for Hancock County, in the August Democratic Primary. Mr. Zengarling's statement to the voters follows:

To the people of Hancock County, Mississippi.

I wish to take this means in announcing my candidacy for the office of Sheriff and Tax-Collector for Hancock County in the forthcoming Democratic Primary to be held on August 6, 1963. In making this decision I am fully aware of the qualifications necessary for this important position and feel that I can fulfill and carry out the duties required of this office.

Briefly I will give you a history of my personal background and some of the things I believe in and will endeavor to do upon my election to this office.

I am a native of Hancock County and was reared in the Bayou LaCroix community. I am a son of the late Joseph A. Zengarling and Mary McArthur. I am married to the former Mittie Agnes Massey and we have been blessed with five children, Herbert Jr., Joyce Marie, Terri Kay, Alice Louise and Lisa Ann.

### J. J. (JOHNNY) KACHLER ANNOUNCES FOR CONSTABLE, BEAT 5

We are authorized to announce the candidacy of John J. (Johnny) Kachler for the office of Constable, Beat Five, Hancock County, in the coming August Democratic Primary.

Mr. Kachler's statement to the voters of Beat Five follows:

I ask your consideration of my candidacy for the office of Constable of Beat 5.

I am 56 years old and a native of Bay St. Louis. I am a lifelong resident of Beat 5, attended St. Stanislaus, and am married to the former Irene Haas of the Kiln Community. We are the parents of one daughter, Ramona, who is a graduate of Bay High School.

I am a member of Our Lady of the Gulf Church and am active in the Usher's Society, Holy Name Society and the Knights of Columbus.

I am also past member of the Tennessee and Mississippi Peace Officers Association.

### CHANCERY COURT IN SESSION DECREES GRANTED

The June term of Chancery Court in Hancock County with Chancellor William G. Hewes concluded Monday.

Final decrees were granted Tuesday in the following styled Domestic Relations cases:

Margaret Treadway vs Harry C. Treadway; Florence Y. Goodsell vs Stephen J. Griffin; Joseph Estrada vs Hazel Bae Estrada; Paula Carbonette Craft vs Stewall Jackson Craft and Arles Elton Ladner vs Reane Mohr Ladner.

### BENEFIT ENTERTAINMENT

A benefit entertainment for the Waveland Volunteer Fire Department will be given by the Ladies Auxiliary, starting at 8 p.m. Monday, June 24, at Waveland Knock-Knock Club.

Mr. Ladner is present and Clerk A. C. Mitchell, this week announced his candidacy for the office of Chancery Clerk of Hancock County.

Both these candidates will make formal announcements at a later

### REHEARSALS GOING AHEAD FOR LITTLE THEATRE PLAY

Rehearsals are in full swing at the Bay St. Louis Little Theatre for their next production, the enchanting Romanoff and Juliet, by Peter Ustinoff. The play was such an outstanding success in London and New York.

Members of the cast include new faces and old, and they give promise, one and all, of presenting one of the best performances in the long history of the Theatre.

Comprising the cast are William Fray, of Long Beach, Robert Schilling, Tim Kemery, Paul White, John Stern, Jim Mayfield, and Arnold Cohn, Anne Clark, Peggy Hepting, Izelda Ling, Frances Frankiewicz and Gertrude Stan-

The whole cast is working very hard, learning lines and absorbing the atmosphere of the play, but there is one actor among them whose devotion to his character is over and beyond the call of duty. You know him well, you have seen him in several plays. But will you recognize him behind those whiskers he is growing for his part?

### NORMAN J. BENIGNO CANDIDATE FOR OFFICE SHERIFF AND TAX - COLLECTOR

We are authorized to announce the candidacy of Norman J. Benigno for the office of Sheriff and Tax-Collector of Hancock County in the August Democratic Primary elections. Mr. Benigno's statement to the voters follows:

I am announcing my candidacy for Sheriff and Tax-Collector of Hancock County. I do so with humility, realizing the great responsibility of law enforcement and other duties involved in such an important office.

I am seeking election without obligation or promise of remuneration to any faction or individual. I was educated at Bay High and St. Stanislaus.

My qualifications for serving the public are many years of successful business. For the past six years, I have owned and operated a vegetable farm.

I have been married to Yvonne Hotard for the past twenty-six years, however, our marriage was not blessed with children. The Benigno family has resided in this County for many, many years - and my brothers and sister were born and reared here. They are all respected citizens, and have never tainted the good name bestowed upon us by our father.

Your vote and support in the high office I seek will be appreciated.

Chief Deputy Sheriff Gerald Price Jr., reported two thefts which occurred sometime Tuesday night.

The Scrimshaw grocery store on Coleman Avenue, Waveland, was entered, Price said, and 50 cartons of cigarettes, approximately \$50 in change, about 20 pairs of silk stockings, shaving lotion and hair tonic were taken.

Entry was gained by prying open a back door.

The burglary was discovered,

Price stated, by Mrs. Hazel Scrimshaw, store operator, shortly after she opened the store at 8 o'clock Wednesday morning.

Price was assisted in his investigation by Waveland Town Marshal Fred Bourgeois.

Price also reported the theft

Tuesday night of a battery from a Ford tractor belonging to Tanner Construction Company at NASA's Mississippi Test Site in Gainesville; also stolen, Price added, were two metal road signs indicating direction to the project engineers and information offices.

Entered as Second Class Matter in the Postoffice at Bay St. Louis,

## LETTERS

Mr. John Damborino  
Editor, Hancock County Eagle  
Bay St. Louis, Miss.

June 12, 1963

TO THE EDITOR:  
Have you noticed that Hancock County Coast Line has been invaded? The presence of a fleet of Menhaden Boats (Pogey Boats) have been observed along the shores.

What action, if any, is being taken to rid our area of these Seafood destroying menaces. Our sport fishermen, commercial fishermen and seafood tackle and equipment establishments are being terribly penalized and discriminated against.

One of our most lucrative attractions to the Coast is its fishing facilities. Both young and old enjoy this sport, bringing tourists and revenue to our community. Commercial fishermen and shrimpers (who are trying to make a living out of our Coastal waters) are under strict rules and regulations, but not so with the Pogey Fleets. Our shrimpers are limited to a 40 foot trawl, while these boats are allowed to drag nets in excess of thousands of feet, which destroy millions of all types of seafood. Who Is Doing The Damage To The Industry? The needless waste and destruction of our foods (crabs, flounders, speckled trout-mackerel and red fish) should be stopped.

House Bill No. 52 (Spring of 1960) Legislature of the State of Mississippi is an act to create the Mississippi Marine Commission and defines its duties. "The Mississippi Marine Conservation Commission is hereby established and full power is vested in the Commission to manage, control, supervise and direct any matter pertaining to all salt water Aquatic life."

But by high powered lobbying (down in the Daily Herald's June 6th Edition captioned "Outdoors Along The Coast" by Dudley A. Helling), the Commission's power over these Menhaden fishermen was restricted. "The Commission shall exercise no control, either direct or indirect over the taking, catching or processing of Menhaden, trash fish, tuna or salmon."

Even though the Commission has no control over them, under

TO THE VOTERS OF  
HANCOCK COUNTY

I am a candidate for re-election to the important office of Clerk of the Circuit Court of this

county. I have served four years as Clerk and have won a nice majority.

Now I have tried to do the best possible work.

Albert D. Biehl, efficient,

affordable, and reliable.

Happy birthday to Mrs. Donald Doyle who had a birthday on June 10th. Mr. Doyle was in Waveland Ding State helping the children select gifts for their lovely mom's birthday.

The C. B.'s had a shrimp supper at the Veterans Hall in Pass Christian Saturday night.

Attendance from Waveland were Mr. and Mrs. Ted Breland, Mr. and Mrs. Gray Wade, Mr. and Mrs. Charles Richard, Mr. and Mrs. C. K. Herlihy, and Mr. and Mrs. Jos. Wyner.

Miss Aggie Bourgeois attended Girl's State in Jackson, Miss., last Friday. She will return on Saturday, June 15th.

Mrs. John Munch and daughter Linda spent a few days in Algiers with relatives.

Mr. and Mrs. Charles Richard motored to New Orleans Saturday to do some shopping.

Mr. and Mrs. Rohm Dardenne were here last week at their home on Water St.

Congratulations to Mr. and Mrs. Dardenne who will celebrate 40 years of blissfully wedded life on June 19th, and will renew their marriage vows at a Mass on that day.

Thousands of dollars are spent in advertising in order to attract revenue producing tourists and visitors to our Coast. Most of us know that fishing is one of the biggest attractions world over, and the tourists will go where the fishing is best. Should we sit by and let our choice area be deprived of its fine fishing or should we take action to preserve it?

Each Supervisor elected (along with other elected officials) should exercise every effort to promote rigid control as granted under the Legislature (under Sec. 18) for the protection of our seafood, our Coastal attraction and the continued tackle industry for our local merchants.

If elected Supervisor I will work with our Senators and Representatives in securing new and stronger laws for the preservation of our seafood.

Respectfully submitted  
RUSSELL J. ELLIOTT

RHODES ANNOUNCEMENT  
(Continued From Page One)

to these responsibilities, I have devoted my own time to work with children in Hancock County. I have been appointed Youth Referee by Chancellor Wm. G. Hewes; this is an honorary appointment and is in no way connected with the office of Justice of the Peace.

However, as Justice of the Peace I come in contact with youngsters charged with traffic violation; I have made it a part of my policy to talk with the parents before holding any trials. Because as a father, I know parents are interested in their children's welfare.

I have tried diligently and conscientiously to administer justice fairly and impartially; I have always tried to do what I think is right; I can make no promises other than to continue administering justice in the manner in which I have always performed my duties in the past.

It is my policy to be available for service to everyone 24 hours a day; my home is always open to people who come to me for help and it has always been a great pleasure to be of assistance to everyone in Beat Five. There will be no change in my policy if you see fit to re-elect me to serve you again as your Justice of the Peace.

Expressing my deep appreciation for the confidence heretofore placed in me by the voters in Beat Five, I sincerely solicit your continued support and ask that you again re-elect me to office as you my good friends did in 1960.

## PHILLIPS ANNOUNCEMENT

(Continued From Page One)

I am married and my wife and I have seven children. I served eight (8) years in the Mississippi House of Representatives, serving from 1952 to 1960.

It is believed that the legal experience that I have had for the last sixteen years, coupled with the service in the House of Representatives qualifies me for the position I seek.

Glad that Alfred Ziegler is home again and he is reported doing fine.

Mrs. Lydia Bourgeois was over spending some time with her son and daughter-in-law Mr. and Mrs. Ray Michael Bourgeois and family.

Mr. and Mrs. Brewster Mollere and family went on a picnic in New Orleans last Sunday.

Congressman Weltner was enroute to Biloxi where he was keynote speaker at the opening session of the 23rd annual conference of housing re-development officials of Southern States Monday.

## KACHLER ANNOUNCEMENT

(Continued From Page One)

I have served as a law enforcement officer during the Administration of three Sheriffs. At one time, I was also on the police force of the City of Bay St. Louis. I have worked in close harmony with City, County and State Law Enforcement Officers as well as with the F. B. I. and narcotics enforcement agents.

If elected to this important office, I pledge myself to devote my full time and energy to law enforcement without harassment and to the protection of the lives

and property of the people. Beat 5. I will work with the police force of the Town Marshal of the Hancock County partment.

I feel that there is more protection for the people in Clermont Harbor and will do my best to protect this protection.

I am strictly an independent candidate and will not associate with any political party.

Remember - my

protection.

### JOHN D. SMITH SEEKS RE-ELECTION HIGHWAY COMMISSIONER

(Continued From Page One)

every effort to see that each highway dollar is spent wisely. The people are entitled to receive dollars value for every dollar spent and to have their money spent only for things that are needed and necessary.

In this regard, I promise my continued efforts and abilities to the end that Mississippi highways be built to the highest standards possible. I shall always oppose my lowering of standards which would result in a loss of tourist trade, hamper industrial development or weaken our position competitively with other states. It is my belief that Mississippians deserve highways as good as any anywhere, and to this end I pledge the utmost of my abilities.

We are now in a great era of highway building. We are making satisfactory progress in construction of the 678 miles of Interstate highways in Mississippi. Over 150 miles are now in use, 53 miles in the Southern District, and almost 10 miles under construction. It is expected that all of the Interstate System will be complete by 1972.

Ninety percent of the cost of these highways is paid by the Federal Government. In Mississippi, they account for only seven percent of the state highway mileage, and it is for the remaining 93 percent that our needs are critical.

I have devoted my life to public service. The record in every instance shows that I have served honestly, capably and without fear or favor.

Experience, proven honesty, integrity and ability are the important things to look for when you select your public officials. Government is the biggest business on earth. It determines our economic life, our very destiny.

The following improvements have been made to the highways in Hancock County.

Highway No. 603 has been constructed and paved from Kiln to the Pearl River County line.

Highway No. 603 from Kiln to Highway No. 90 west of Bay St. Louis has already been constructed and is being paved at this time.

A section of Highway No. 90 from the scales West was relocated, constructed and paved.

A section of Highway No. 90 in Bay St. Louis was relocated, constructed and 4-laned.

All of Highway No. 43 has been repaired and re-surfaced.

We have the following schedule of work planned for Hancock County at this time:

The relocation of Highway No. 43 from Picayune to intersect with Highway No. 603 about 1 mile North of Kiln. The Federal Government requires this highway to be moved out of the buffer zone.

A survey is being made at this time to bring Interstate Highway No. 10 from the Louisiana State Highway No. 43 with Highway No. Line to near the intersection of 90 West of Bay St. Louis.

A contract will be awarded to construct Interstate Highway No. 10 from the Louisiana State Line to Highway No. 603 as soon as the survey, plans and specifications are completed and the right-of-way is purchased.

4-lane No. 90 from Bay St. Louis to the intersection with Highway No. 43. As the NASA Plants develop it may be necessary to build other highways to serve this giant government facility.

My experience, knowledge and familiarity with this program of work should be a great value to the people at this time.

I have served you honorably and it is my desire to continue this service for the next four years. I will sincerely appreciate your vote and influence.

JOHN D. SMITH

Louis Fregre is manager of the club and Sidney Prague, secretary-treasurer. These men with Julie Soulie, Joe Phelps, Cary Spence, Cal Smith and others are doing a good job in promoting and building up the club. The course is in good condition and of course a little rain would help the greens and fairways considerably.

Was good to see Alex Cunningham, former pro at P. C. G. C. Alex is the same and it was great to talk over old times with him.

Among others seen at the golf club was Mr. and Mrs. Harry Wittman. Harry besides playing golf loves his soft crabbing. He has been getting quite a few over at Pass Christian way.

Among the ladies who are ardent workers for the golf club are Mrs. Griffin, Mrs. Nora Spence, Misses Catherine Purchner, Ana Liversedge, Ethel Gex and others.

Mr. and Mrs. Stanley Wagner of Pearlington love their fishing and golfing. Mrs. Wagner catches her share of fish out her back door she says.

Bill Miller loves to talk about as well as catch fish. Bill says it makes no difference what kind they are as long as they bite.

Delmas (D. D.) Ladner, brother of Nolan Ladner was down from Hattiesburg last week mingling with old friends. D. D. was talking about when he was a printer's devil with the Sea Coast Echo. Of course it was before I started working for the Echo.

Was interesting to meet and talk with Alvin Frierson who is with the La. Wildlife and Fish Commission. His job is spraying alligator grass and waterlilies in the Louisiana streams, just west of the Pearl River bridge. Frierson says that the spraying does not affect fish in any way, but makes the streams more navigable and improves fishing conditions.

Carl Smith, pro at P. C. G. C. is a pretty busy man just now working on the course, improving the fairways, bettering the greens and praying for some rain. Carl is an ardent worker and says business comes first but hopes to get

### World's Largest Domed Stadium To Contain Mississippi Made Products

"A contract for supplying the light-weight structural wood fiber roof deck that will be used exclusively in the dome construction of the \$25 million Houston, Texas Dome Stadium has been received by Fireproof Products of Mississippi, Inc. located at Terrell, a subsidiary of Mississippi Industries, Inc., according to Warren A. Hood, President.

Houston's Dome Stadium will be the world's largest air-conditioned, clear span enclosed space. The outer diameter from wall to wall is 710 feet, roughly three city blocks.

Mississippi manufactured Petrical, an acoustical roof deck will be highlighted and used throughout the world's largest enclosed stadium for football, baseball, sporting events and conventions with a maximum seating capacity of 66,000.

The basic dome construction consists of trussed frame. There will be five decks of seats and no supporting columns to hinder one's view.

The playing field in the Dome Stadium will be 31 feet below ground level and two sets of escalators will operate from the field to the last seat level.

The seating arrangement can be changed mechanically from football to baseball in five minutes.

The Dome Stadium is on a 230 acre site and will provide parking for 32,000 cars.

**CHANGE MADE IN POWER COMPANY SALES SECTION**

A. J. Watson Jr., president of Mississippi Power Company, Gulfport, today announced an organizational change placing the company's diverse sales activities under a single sales department.

V. A. Daniel Jr., vice president, has been named to head the newly created department.

Mr. Watson said the general office sales department has been divided into four major sections, residential, commercial and industrial sales promotion and rates and sales budgets.

W. E. Barrett, supervisor of merchandise sales, has been named residential sales manager, with responsibility for residential kilowatt-hour sales, merchandise sales, the housepower program, dealer co-ordination and home service.

R. K. Hunter, commercial supervisor in Meridian, has been elevated to commercial sales manager and has been transferred to Gulfport. His responsibilities include the promotion of commercial uses of lighting, heating, cooling and cooking.

J. P. Stephen, supervisor of power sales, has been named industrial sales manager with the responsibility of promoting industrial lighting, heating and cooling, industrial power applications and large power contract negotiations.

T. J. Moulton, rate specialist,

heads the rates and sales budgets section, continuing his responsibility for annual sales budgeted rates, studies and special rate matters.

R. W. Oulney, assistant supervisor of merchandise sales, has been named to succeed Mr. Barrett as merchandise sales supervisor, while E. K. Richardson, commercial representative, has been promoted to sales supervisor or in Meridian, replacing Mr. Hunter.

Mr. Watson said that the reorganization, which became effective June 1, will enable the company to perform more effectively the increasingly important task of promoting the broadest possible use of the company's services.

**YOUTHFUL CHATTER**

BY TONI BLAIZE

What do the colors red, white, and blue bring to mind?? To many they are just a few of the colors that can be found in a dime box of crayons.

But then there are those who think of our Country's banner, a symbol meaning freedom.

The red stands for courage, and the blue flowing from

many of our Countrymen to defend our freedom, especially those stated in the first amendment to the Constitution; the white stands for the faith that lies in the heart of every good American, and the blue is the field

which stands fifty stars, which also stands for the growth our country has gained since the original flag was adopted on June 14, 1777.

To make this flag live on as a symbol for all the world to look up to as a model, we have to keep it activated. It is our patriotic duty.

Patriotism is something from our hearts, a faith, a dedication.

Our history books tell of the great feats real patriots have undertaken, and succeeded, such as:

George Washington, Thomas Jefferson, Alexander Hamilton, Nathan Hale, and a host of others;

men whose character, ability, and dedication have become symbols to freedom loving people throughout the world.

Those men cast the mold. They forged the steel. They shaped the destiny. These men were motivated by one of the most noble, and unselfish of all emotions, love of country. They pledged their fortunes, their lives, and their honor to their country.

They envisioned the kind of life their children would live if they gave up. Their hearts were determined on a life of dignity, not what your country can do for you but what you can do for your country.

America is noble soil for the brave. Are we still brave, or do we rather have material wealth, than that of freedom which exists as part of a democracy??

The decision whether to take up arms or to suffer outrageous fortune has sometimes been thrust upon us; at other times the determination has been ours to make. The position of leadership which our nation now enjoys bears testimony to the wisdom and courage which have attended the choices in our historical pageant. Episodes of courage, of conspicuous patriotism, of dedication to principle are like a golden thread woven through the fabric of our national history.

These are the marks of true patriotism.

On Friday, June 14 we will celebrate the 98th anniversary of the origination of the first American flag. This isn't just an anniversary but a day of recollection, to bring to mind the many things this great banner stands for.

Let's make the coming June 14th a memorial occasion, just by seeing what part we can do as citizens of a free land.

Many rice growers are now in the process of planting rice, and during the next several months many rice growers will be applying herbicides to control weeds growing in rice. Dr. Ross E. Hutchins, Entomologist and Executive Officer of the State Plant Board, advises that all rice growers planning to use airplanes in the application of herbicides to rice should be thoroughly familiar with the Mississippi Law Regulating the application of Hormone-Type Herbicides by Aircraft. This law, which was originally enacted in 1952, was recently amended by the 1962 Session of the Legislature, and requires all operators applying hormone-type herbicides to rice to be licensed by the state plant board.

Any operator who applies the regulated herbicides without a license is subject to a penalty of \$500 for each offense. Rice growers may find themselves involved in damage suits if the operator allows the herbicide to drift onto neighboring crops. Dr. Hutchins also advises all rice growers as well as aerial applicators that the application of 2,4-D in any form is not to aircraft after April 1, prohibited.
